# A warm welcome to you,

Simple, practical and great value bathroom products are at the heart of what we do! Founded in the regional city of Wanganui in 2000, Newtech has established itself as a fast-growing leader in the bathroomware space in New Zealand.

We know that bathrooms have turned into living spaces, and your bathroom should reflect who you are and what you are about. So, its important that you make your bathroom decision wisely. Our commitment to innovation, to improvement and, most of all, delivering great value should put Newtech in the 'must consider' category for your bathroom.

We have a huge range of bathroomware available in our warehouse for immediate dispatch. These are available to purchase from all leading bathroom merchants in New Zealand. Pop into our concept showroom in Penrose, Auckland, to get inspired with the latest bathroom trends.

We hope you enjoy our latest catalogue - we have packed this edition full of inspiration, new trends and design elements. If you have any questions, know that we are only a phone call away.

# Quartz

by **Newtech**

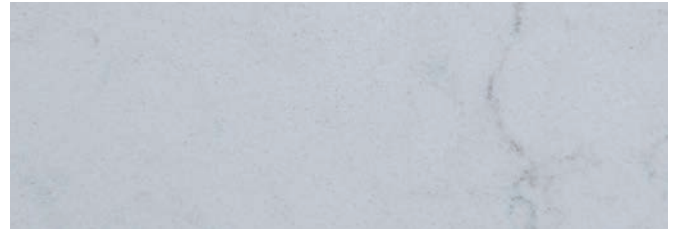

*New to our basin range are our cutting edge Quartz Slab Tops - constructed from one of nature's hardest minerals.* Also commonly known as engineered stone, these tops are pure luxury while offering a highly durable and low maintenance experience. Designed with speckled flecks and marbled veins help to create rich depth and dimension.

Pair with our range of vessel basins (*refer to p139*) and available in sizes 750, 900, 1200, 1500, 1800 on selected vanities.

MILAZZO  
BATHROOM SYSTEM  
by Newtech

Bathrooms have never been easier with the Milazzo Modular Bathroom System by Newtech. This clever modular system allows you to customise your bathroom to suit your space and individual needs. Whether you need a wall-to-wall customisation or a vanity, we have a solution for you.

HOW DOES IT WORK?

1. Measure your total overall size and select your slab top length
2. Select your cabinet configuration options
3. Choose your colours for your cabinetry and slab top
4. Select your choice of vessel basin/s
5. Choose your extras ie. do you want a floorstanding vanity, or a vanity with LED Lighting?
6. We will supply individual modular cabinets ready for customised installation
7. When selecting your basin please note the default basin position is centre of the drawer cabinet unless advised otherwise ie. left or right hand offset
8. To assist with designing your Milazzo Modular Bathroom System, visit [newtech.co.nz/milazzo-planner](https://newtech.co.nz/milazzo-planner)

## RIMLESS TOILET FEATURES

Rimless toilets are the newest trend in toilet design and are becoming increasingly popular. With a rimless toilet, you not only create a cleaner looking toilet in the artistic sense of the word, but a cleaner toilet in terms of hygiene. The Sorano rimless toilets come with a WELS 4-Star Rating for water efficiency, soft close slimline seat with quick release lever and multiple water inlet options. Choose between the Sorano Toilet Suite (8030) or the minimalist Sorano Toilet Pan (8035).

**EASY HYGIENIC  
CLEAN EVERY TIME**

**RIMLESS FLUSH  
TECHNOLOGY**

**LOWER WATER  
CONSUMPTION**

**SLIMLINE SEAT WITH  
QUICK RELEASE**

## CERAMIC TOILETS

All our toilets are made from ceramic (porcelain) minerals, and are hand crafted and fired at high temperatures, which can lead to visual imperfections. A 5mm tolerance is considered an acceptable quality definition of conformity.

## DUAL FLUSH TECHNOLOGY

Toilet design has been revolutionised with Dual flush technology. It provides flexibility and efficiency in water usage. A dual flush toilet is designed to allow water control with every flush and to manage overall water usage.

By upgrading to a WELS 4-Star rated dual flush toilet you can save up to 8 litres per flush when compared to an older single flush unit.

## WHAT IS WELS WATER RATING?

WELS is Australia's and New Zealand's water efficiency labelling scheme. Labels display a star rating and water consumption or water flow figure. The higher the star rating, the less water used.

This extended warranty only covers Newtech bathroom ware products, and will not extend to products which you have selected outside our product range. This extended warranty only applies to defects which have arisen solely from faulty materials or workmanship in the Products and does not apply to other defects which may have arisen as a result of, without limitation, the following: accidental damage, abuse, misuse, maltreatment, abnormal stress or strain, harsh or adverse weather conditions, including excessive water pressure or temperature, or neglect of any kind of the Products.

As per the Building Code Compliance documentation, the maximum temperature sanitary wear can be subjected to is 55 deg C. Any warranty assessment where the temperature of water for sanitary wear is above 55 deg C will be declined. The tempering valve must be subject to and comply with NZS4617 or AS1357.2

Alterations and repairs of the Products other than by a Newtech pre-approved service person are not covered.

For the avoidance of doubt, attachment of accessories or use of non-genuine replacement parts other than those manufactured or approved by Newtech are not covered by this extended warranty. This extended warranty for the products commences from date of purchase or for new buildings on the date of handover for the relevant period set out in the warranty period. In addition to this extended warranty, certain legislation may give you certain rights which cannot be excluded, restricted or modified. This extended warranty must be read subject to such legislation and nothing in this warranty has the effect of excluding, restricting or modifying those rights. Newtech warranty periods have changed over time so dependent on when you purchased your product the warranty period may be different to what is stated in this publication.

To make a warranty claim, the following documentation must be emailed or faxed to Newtech:

Name/model of product and photographs of the issue, if available; Proof of installation by a licensed plumber and/

or proof of purchase; Your contact details; name, address and best contact phone number; Handover documentation for new homes.

Consequential loss to the extent permitted by law Newtech will not be liable for any loss or damage to furniture, floor coverings, walls, fixtures or any other consequential loss of any kind caused by any defect in the products or components.

Warranty certificate or equivalent documentation must be supplied for warranty claims to be considered. If the cost of returning any defective parts is unreasonable, please contact Newtech so that if appropriate, we can arrange a collection.
